

**CentralAlert™ REAL-TIME
LAMP FLASHER,
TO WORK WITH CA-360
Model CA-LX, #CA2005**

The CA-LX is an optional accessory for the CENTRALALERT Visual Alert System, MODEL CA-360.

When the CA-360 is activated, it will send a signal to the CA-LX, which will, in turn activate the connected lamp to begin flashing to alert you that your attention is required

- **Works with any household lamp**
- **Same flashing pattern as that of the CA-360**
- **Turn connected lamp ON/OFF using the RESET button on CA-360**
